## Letter from the President

Wow, what a year for golf in 2023. Club membership's increased and tee times filled up quickly. Club house and/or course renovations were planned and completed, and play continued to experience a resurgence. Tournaments kept us busy last summer and into the fall. This year is going to be just as busy and Matt, Paul, Nate and Ryan will have a very demanding schedule. Let's give them some support by volunteering when you are able, your help is much appreciated. We have hired Jack

Rubin as the Communications Director of the Ohio Golf Association and will also serve in that capacity for some CDGA events.

The first CDGA tournament this year will be the Women's Scramble at Kinsale Golf and Fitness Club on May 7, 2024. The men will spring into action on May 8, 2024 with the Spring Old Pal Scramble at The Club at Tartan Fields. The 2024 CDGA tournament schedule is complete and available on our CDGA website. If your club is hosting a CDGA event this year and you have friends or associates on the golf committee, please express our gratitude for their willingness to host a CDGA tournament.

We also have an extensive 2024 course rating schedule and our course rating teams will be busy traveling throughout the state to our CDGA and affiliate courses completing the new ratings. Steve Laslo is doing an outstanding job as chairman of the Course Rating Committee & Director of Course Ratings for the Ohio Golf Association. There is a new Rules of Handicap Book and some new Rules of Golf that our office can make available upon request or point you in the right direction.

Ken Erickson  
CDGA President

# Columbus District Golf Association 2024 Tournament Schedule

## We're Building Game Changers.

We believe all kids deserve to feel excited to grow, safe to fail and better equipped for whatever comes at them next. At First Tee – Central Ohio, we do this by helping them develop their swing, but more importantly, their inner strength; with coaches who help them navigate the course as well as guide them through new challenges.

**Because we know what's inside doesn't just count; it changes the game.**
